

PASUPULETI LALITHKRISHNA

Computer science and engineering | Data analyst and AI developer

Tirupati, Andhra Pradesh|+91 6301060069| pasupuletikrishna2822@gmail.com | Github | [Linkedin](#) | [portfolio](#)

Professional Summary

I am an aspiring Data Analyst who really loves data analysis, finance and solving problems. I know how to use Excel, the basics of Python and MySQL. I have spent time working with real data. I want to use data to figure out what is going wrong and help people make choices. I am very eager to learn more about data analytics, finance, and management. My goal is to improve my skills while working in an environment. Also interested in developing AI powered applications using AI and Open CV .

Education

SRM Institute of Science and Technology, Tiruchirappalli	2028
B.Tech - Computer Science and Engineering	CGPA-9.57
Sridhar's junior college, Tirupati	2024
MPC – Andhra Pradesh Board of Secondary Education	92%
Sri Kakathiya High School, piler	2022
Andhra Pradesh Board of Secondary Education	93%

Projects

Driver Drowsiness Detection | python, open CV, pandas, pytorch ,NumPy , Html, CSS **Jan – Apr 2026**

- Developed a real-time driver fatigue monitoring system using Python, OpenCV, Dlib, and PyTorch.
- Used EAR, PERCLOS, blink rate, yawning, and head pose to detect driver fatigue and attention.
- Built a live dashboard to display fatigue scores, driver status, accident risk, and alerts.

Anemia Scan | python, Flutter, *open CV*, Go, Tensor Flow, Dart **Jul – Sept 2026**

- Developing a low-cost anemia risk screening system that analyzes inner-eyelid images and classifies anemia risk as Low, Medium, or High.
- Building a Flutter mobile application and an ESP32-CAM-based hardware device that capture images and send them to a shared backend for analysis.
- Using MobileNetV2 and computer vision techniques to support non-invasive anemia risk screening.
- Designing the system as a screening aid, with Medium/High-risk cases intended for referral for a real blood test and medical confirmation.

Skills

Programming Languages: Basic Python, Basic MySQL

Image processing: Open CV

Functional language: Excel

Soft Skills: Adaptability, Team Collaboration, Communication Skills.

Achievements

NCC B Certificate – Successfully completed NCC training as a Cadet. **Feb 2026**

Hackathon And participation

Pragyan'26 - AI hackathon at kanani software solutions **Feb 2026**

HackCulture - Online AI hackathon **Mar – May 2026**
